Kuala Lumpur, Aug 02, 2021 - Bloomberg and Bond Pricing Agency Malaysia (BPAM) today announced that BPAM's evaluated pricing data for Malaysian Ringgit bonds will be available on the Bloomberg Terminal.

Bloomberg clients with BPAM pricing subscriptions can access BPAM evaluated pricing data for short-term rated, and long-term rated and unrated bonds on the Bloomberg Terminal for their trading, risk management and accounting processes.

"With the current work-from-home policy still being instituted by many organisations, our mutual clients would be able to create a fluid work environment even from home and leverage the transparency and consistency provided by BPAM's evaluated pricing data through Bloomberg's advanced solutions," said En. Meor Amri Meor Ayob, BPAM's Chief Executive Officer and Executive Director.

"We are pleased to offer BPAM evaluated pricing data to our clients in Malaysia, to complement their existing bond workflows within Bloomberg's analytics, trading, order management and portfolio management tools." said Steven Yankelson, Head of ASEAN, Bloomberg.
